

MOVE TITLES OFF THE SHELF AND INTO USE

Clear volumes off your shelves and save researchers time with *Gale Directory Library*. This online collection of premier directories on companies, publishers, associations, and more, allows researchers to find valuable information—that is either unavailable or difficult to find—at any time and from anywhere.

ACCESS THE POWER OF ONLINE SEARCHING

FIND MORE DETAILED CONTENT

The 23 individual titles that make up this directory provide researchers with content to accommodate almost any area of study. Topics include business and economics; health, medicine, and nursing; law, government, and politics; education and professional development; and more.

NAVIGATE EASILY ACROSS PLATFORMS

Search, sort, and export. Exported files are in .CSV format to be easily imported into any program.

KEEP BACK FILES AND WATCH THEM GROW

Build your collection of directories for year-over-year comparison of data. Past editions can be purchased individually, allowing researchers to purchase data from the particular years they need.
